

Prayer to Our Lady, Undoer of Knots

Blessed Mother, you are the very grace of God. Christ made Himself your son and shares you with us, knowing our great need for your material intervention. We turn to you with assurance of your love and tender pity. Come, we plead, and release the knots of our pride, fears, prejudice, vanity, and impurity, which prevent the flow of your Son's divine life in our souls. All sin ties us in knots and we stand in need of your help, to free us from its bondage. We place our trust in you, oh blessed of all women. Our Lady, Undoer of Knots, pray for us!
